Dear {Manager},

I would like to enroll in the Certified Energy Supply Chain Disruption and Risk Management Leader (CESC™) program to strengthen my capabilities in managing energy supply chain risks, geopolitical disruptions, and organizational resilience, and I would like to seek your approval to attend this program. By attending this program, I will enhance my ability to identify emerging supply chain threats, assess market and geopolitical risks, and support our organization's energy security and operational continuity objectives more effectively.

Led by internationally recognized energy risk and supply chain experts, Prof. Prashanth Shanmugan and Eugene Tan, this program will provide practical insights into energy supply chain disruption management, geopolitical risk assessment, and strategic resilience. The knowledge gained will help me strengthen risk management practices, improve supply chain resilience, and support more informed decision-making during periods of uncertainty. Some of the key skills this program will bring include:

- Energy Supply Chain Risk Management
- Geopolitical Risk Assessment and Monitoring
- Supplier Due Diligence and Diversification Strategies
- Energy Market Risk and Volatility Management
- LNG Procurement and Contract Risk Management
- Hedging and Energy Risk Mitigation Strategies
- Regulatory Compliance and Energy Governance
- Crisis Response and Scenario Planning

I believe these capabilities will be highly valuable to both my role and our organization. Upon completing this program, I will be better equipped to strengthen supply chain resilience, support risk-informed decision-making, and improve our ability to respond to disruption events. I am confident that the knowledge and skills gained will contribute to enhanced organizational resilience, stronger risk governance, and improved operational performance.

I look forward to gaining your approval to attend this online program.

Sincerely,
Your Name
